Someone in your family needs your help this Christmas

Over 300 years ago John Baptist De La Salle was confronted with a France in dire economic, social and political upheaval. He responded to the poor children who were abandoned, starving and at risk. He offered them education, safety and skills for living in an industrial economy.

Today the DeLaSalle Brothers and their partners are presented with the same problems in Papua New Guinea and South East Asia. In Australia the Lasallian family through the Lasallian Foundation reach out to its members in providing resources to improve their lives.

By association we belong to the larger Lasallian Family and those in PNG and SE Asia need our help. Add one of these children to your Christmas present list and make a donation to help change the life of one of our family.

To be associated with the Lasallian School tradition is to belong to a huge family that covers over 80 countries. Many of our family are struggling in extreme poverty, illiteracy, exploitation... make their Christmas yours.

So little money makes such a huge difference.

We have over 15,000 families in our DeLaSalle associated schools along with over 1200 teachers and staff. If we all make a donation then it is a powerful contribution.

Make a donation by detaching the present opposite, completing the information on the reverse and mailing it to our address. **Then, add the gift star to your tree or present table. Let all the family share in this generous reaching out.**
